

IBEX LITE

The Ibox Lite is designed for easy storage on an ambulance or first response vehicle. Folding neatly in half, its compact design means it can be stored in the smallest of areas. With antimicrobial protection, it provides protection against microbes such as fungi, viruses and bacteria. Unfolding in one swift movement for immediate use, it enables the safe horizontal transfer of patients into ambulances, hospitals and healthcare settings.

KEY BENEFITS:

- i** Easy to use
- i** Antimicrobial protection
- i** One-person operation
- i** Quick deployment
- i** Compact storage

FEATURES:

- 1 Lightweight aluminium construction**
A strong yet lightweight design, providing a safe and durable transfer solution.

- 2 Adjustable passenger strap**
